Warrior N.V, Warre's (Douro, Portugal)

An easy, approachable Ruby port with a very serious pedigree. All fruit is sourced from the vineyards that contribute to the estates full vintage wines. With bright, fresh red fruit and a hint of silky plums, this is one of the most versatile after dinner drinks.

Bottle Matured LBV (Late Bottle Vintage) 2001 (Douro, Portugal)

Prolonged aging in cask means that LBV tend to mature quicker and show more 'forward' fruit flavours. Warres specialize in this style of port giving truly epic value and hinting at the grace and elegance that can be found in their top wines. Rich but with a balanced acidity and plum spice.

Otima 'Tawny' 10 y.o, Warre's (Douro, Portugal)

One of the most revered Tawny ports, Otima proves how versatile Tawny can be. Unlike vintage styles it is made from very old (minimum 10 years) wines that have spent a prolonged period in barrels. Less about upfront fruit and more focused on caramel and spice. This is delicious chilled or served as an aperitif.

Quinta do Cavadinha 1996, Warre's (Douro, Portugal)

Full vintage ports are only made in specific years, when a vintage is not declared 'single quinta' wines are made. For a long time these ports have been considered excellent value for money as they have the vintage style at an affordable price. This is a very fine, elegant and aromatic port due to the cooler climate of the Cavadinha vineyard. A real treasure and incredibly delicious.

Vintage Port 1980, Warre's (Douro, Portugal)

Considered one of, if not 'the', leading producer of vintage port and winning regular critical acclaim for vintages such as 1870, 1887, 1896, 1904, 2000 and 2003. The fruit is sourced from two principle vineyards Quinta do Cavadinha and Quinta do Retiro Antigo. The former provides cooler, floral aromatics to the finished port and the latter is a source of wines with incredible complexity and power. This is a rich, balanced, fine and complex port.
